

Keeping it Classy!

The brooch Ayushmann Khurrana is sporting is from our kimaya collection which is inspired from flowers as the brooch is very colorful and it has Polki, diamonds and is made in 18 carat gold.

The dazzling maharaja double brooch with pearl chain is a very elegant design. The brooch can be made a turban crest as well. The brooch also can be used as a pendant which does not limit its use just to men. As we believe that jewellery is an investment and that's why we have made sure that the piece can be used in many ways by both men and women.

Dr. Preeti Jain is a designer who has experimental streak in her to create something new each time. She says, "It should be bold and simple, not multi-colored, clumsy or overweight. Instead, opt for something trendy like a brooch."
